For Sixty Years the

Leading Dry Goods Store

— of —

Southern Massachusetts

We have recently completed the entire reconstruction of our Store: added New Departments, practically doubling our capacity for doing business; equipped our Establishment with the most perfect *ELEVATOR SERVICE-PASSENGER* and *FREIGHT*; substituted the most modern and attractive Fixtures for those which have served us so faithfully for many years, and our Establishment today challenges the criticism of those interested in a *FIRST-CLASS UP-TO-DATE* DRY GOODS HOUSE. Our Stock includes every variety of Merchandise carried in the past, and prominent in new attractions, we have included a Department for the sale of the

Dorothy Dodd Shoes

a line of LADIES' FOOTWEAR which is the acknowledged *LEADER* of its Class. The same rules of conduct which have governed our method of doing business so many years will apply in the future as in the past, and our patrons will we trust, find themselves at home in our new quarters, while they will be attended by the familiar faces whose life-long service has given our House one of its best recommendations.

We desire Your Inspection of Our New and Improved Store

Commonwealth of Massachusetts.

This State is bounded north by Vermont and New Hampshire; east by the Atlantic Ocean; south by Rhode Island and Connecticut; and west by New York. The average extent, from north to south, is 70 miles, and from east to west 140; area, 8500 square miles. The Green Mountains range through the central parts of the State, from north to south. These mountains, in their whole extent, abound in noble elevations, dark green forests, pleasant and sheltered valleys, and an infinite variety of impressive scenery. The highest peaks are Saddle Mt., Taghkonic, Mt. Tom, Mt. Holyoke, &c.

Massachusetts has no large rivers wholly within her bounds. The Merrimack passes out of New Hampshire into the northern division of the State, empting into the sea at Newburyport. The Connecticut, in traversing it from north to south, nearly bisects the State. The Housatonic, Charles and Ipswich, Neponset and Taunton, though they have short courses, are pleasant streams. The deep bay, between Cape Ann and Cape Cod, which has given name to the State, has caused it to be known in the other States by the name of the Bay State. Cape Ann bounds it on the north, and Cape Cod on the south.

The population of the State of Massachusetts, in 1790, was 388,727; in 1800, 422,845; in 1810, 472,040; in 1820, 523,287; in 1830, 610,408 in 1840, 737,699; in 1900, 2,805,346.

CENSUS OF THE YEARS 1840 AND 1900.
